Strategies of Psychotherapy helps you be more aware of how you form and manage relationships. Haley starts by defining three types of relationships: symmetrical (equals), complementary (one superior), and metacomplementary (one exerts control by claiming the inferior position).Reviews: 5.

The strategies of psychotherapy are really no different from the strategies many of us already employ when dealing with any difficult, symptomatic, person. Especially once you realize that all human relationships are fraught with one-upmanship tactics much like what goes on among patient and therapist whilst in treatment/5.
